

- Note 1**
To be adapted to the hole(s) and pattern of existing basket.
- Note 2**
The basket may need to be placed off-center to prevent the UWR ball to pass between pool sides and basket.
- Note 3**
M4 or M5 depending on the thread size of the suction cups.

V

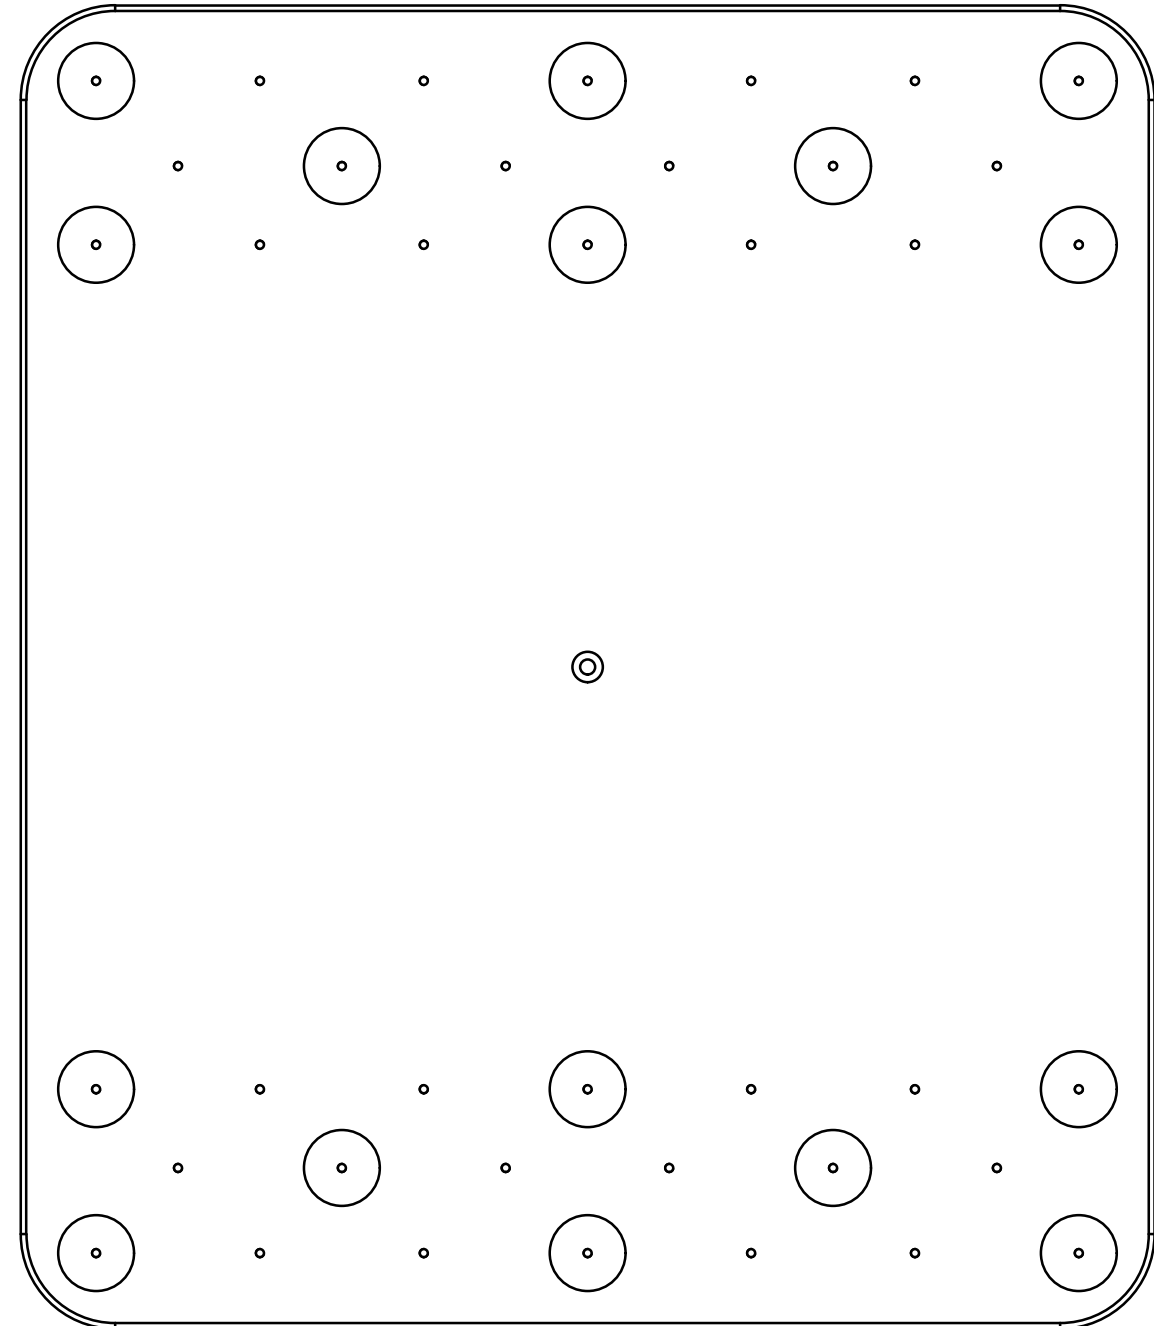

Λ

Suction cups configurations:

Pool with ceramic tiles - Standard
Cups resting over the gaps between tiles
will not contribute to the holding force.

Smooth bottom pool - eg. stainless

Use more cups than suggested if the holding force is insufficient.
